# Mayor says ranch annex is "good"

"After nearly two years of study, the city officials and staff of Daly City feel that the Christen Ranch annexation is good," Mayor Joe Verducci told members of the Daly City-Colma Lions club last Wednesday.

"While I personally opposed the Callan annexation two years ago, I feel that the Christen Ranch is highly desirable for Daly City," he continued.

Verducci pointed out that lack of real continuity with Daly City, and a failure to reach an understanding of schools were the main issues two years ago, but "these factors do not exist as the Christen Ranch is contiguous with Daly City and the developers are working with local school boards."

Jefferson High School district will have to serve most of the area as it is in their boundaries, while nearly half is in the Jefferson Elementary district.

Daly City did not want to push for the annexation, he continued, but several factors have made action necessary at this time. 1. The new law going into effect on September 20 setting up a county-wide board to deal with annexations and incorporations. 2. South San Francisco is taking in the uninhabited area in Westborough. 3. "South San Francisco wants the Christen Ranch and have it in their master plan."

Verducci pointed out that the major shopping center would be located near the present Daly City limits and "statistics show that 60 per cent of Daly City money is spent outside the city. This would help bring business to the community and we would benefit from the sales-tax."

Discussing briefly other possible annexations, Mayor Verducci predicted that it was only a matter of time until Lake Merced comes into the city, and that favorable relationship with Christen Ranch developers could lead to annexation of the valuable Crocker Lands.

A NEW CITY — This is an architectural conception of the Christen Ranch development as seen from the North, illustrating what the new community will look like when completed. The developers requested annexation to Daly City. Pictured at bottom is the adjoining Mary's Help Hospital now under construction. The regional shopping center is in the foreground at the foot of the Chinese Cemetery Hill, and at its right is the business center with commercial and professional buildings, and municipal and other governmental facilities. Immediately south of the shopping center are the hillside terrace apartments. To the right against Skyline Blvd. is one group of tower apartments and to the left, overlooking Junipero Serra Freeway, is the second group. The major area of the site further south contains the single family and duplex residential areas with the accompanying school sites and neighboring shopping centers.

## Jim Fox bids for Pacifica council seat

Jim Fox, owner of the Linda Mar Hardware and a former Daly City resident, has placed an early bid for a seat on the Pacifica City Council in 1962.

Fox has been six years on the Pacifica Planning Commission, first chairman of the Linda Mar Merchants Association; helped organize the Pacifica Chamber of Commerce and served as secretary and on the board of directors.

He lived in Daly City until 1940. A graduate of Jefferson Union High School, Fox served in the Naval Aviation and Army Air Corps during the war. He attended University of Utah, St. Mary's College, Polytechnic College and Iowa Wesleyan College.

A past president of the Daly City Rod and Gun Club, he is associated with Associated Sportsmen of Calif. and Coastside Sportsmen of Pacifica.

Fox resides at 32 Alcala Ct., Pacifica, with his wife, Laurine Fox, and sons, Steve, 14 and Cliff, 13.

Fox made the following comments on the office:

"Why Do I Seek a Seat on the Pacifica City Council?

"I believe the operation of the City Government today is a business—big business! As such, it requires and should include the attention and guidance of people versed in business management and operation.

"I also believe that members of the City Council should be people dedicated to the public interest with a background of public service and knowledge. My background of six years on the Pacifica Planning Commission has provided an excellent

*Labor Day marathon*

# Yosemite—or L. A. east

By Jack Wood

It was bumper to bumper traffic all the way up to Yosemite Park on the Labor Day, three-day marathon, a weekend that emptied the cities and seemed to dump all the people into the parks.

Contrary to popular belief the weather is not always hot outside of San Francisco, and it was cool that night as we tooled the Alpha Romeo eastward toward the park.

My friend, Ken, at the wheel resembled a race driver at Laguna Seca as he passed on the hairpin turns in his hurry to obtain a camping place.

The Forest Ranger briskly took our $3 fee at the gate and gave us a brochure wherein was described places of interest and rules and regulations.

We tried Camp Ground No. 14, skirting the campsites of what seemed to be bumper to bumper tents. Not a single campsite was available. Finally, after a third or fourth spin through the campsite we located a empty table. There are strict rules against moving into just any place. A table and fire place is a must, as is convenient location next to a restroom, water and shade trees.

**Efficient Campers**

We pitched our pup tent in the dark, fumbled with tent poles, whacked away, swore at bent pins, unloaded the car, plied in the sleeping bags and finally sacked out at 12:30 a.m.

Arising to the thumping of axes on tent poles, the wailing of children and the dull roar of tailpipes, we cooked an original breakfast of cheddar cheese soup and eggs.

Ken is a very efficient camper, having passed the course Camping 303-D, whereas, I am a novice, and learning 101-A.

He is the modern, organized camper with cookstoves, air mattress, a plethora of cooking utensiles and food.

He quickly informed me the things we would have to buy, various ways to erect the campsite, where to buy wood and what the general weather conditions and menu would be.

I hated him because he was so organized.

**Tough Decisions**

There are tough decisions to make, such as whether to drink a beer now or later, whether to make a grocery list or take a walk. It's very time consuming.

Smoke was thick in the air as we drove through Yosemite valley. I thought the whole place had caught on fire, but it was only the result of thousands of campfires.

My sleeping mattress was perforated in more places than I could find. I patched it with flesh-covered bandaids in two places, blew it up, and it went flat again. I resolved to buy a new one.

**Rangers in Action**

The zealous forest service checked my ID as I was drinking a beer in the woods. I passed the test. Six teenagers in the next tent didn't and were kicked out of the park.

As the smoke hovered heavily overhead on the second morning we wheezed and coughed our way northward, over Tioga Pass and into Alpine meadows, land full of rushing streams, open spaces and fresh air.

I wet a fly in a stream, ate lunch and pushed onward. We crossed the mountains and headed into the desert.

Steadily swabbing my face and bare knees with Sea and Ski sunburn lotion, I headed for Virginia City and the promise of a cool beer.

Virginia City is preserved to a large extent in the condition of the gold rush days, and we enjoyed the historical background while occasionaly feeding a one-armed bandit

The refreshment stop at Virginia City was overly prolonged to the tune of some $15 and it was 2 a.m. before we made camp on the South Shore of Lake Tahoe.

South Shore on Sunday night was lots of glitter, signs, people in casual dress, pushing, shoving, drinking, gawking, gambling and milling about. Two hours of this and I headed for the comparative quiet of the camp grounds and sleeping bag.

On Labor Day we visited Fallen Leaf lake and the Angora lakes, then headed through the hot Sacramento valey and home, to an unusually warm San Francisco.

## Year's stay in Pacifica for Argentine boy

Julio Alberto Cornaglia, a 17-year-old Argentina youth, will be attending Terra Nova High School this coming academic year under the sponsorship of the American Field Service.

Cornaglia will be living with the Don Millers, 139 Blackburn Terr., Pedro Point.

A native of San Carlos de Bariloche, a city the size of Pacifica, in an area known as the South American Swiss Alps, Cornaglia has three months to go for his secondary degree in Argentina. His schooling here will not count toward his diploma.

He hopes to attend the University of Plata in Buenos Aires and major in psychology.

His father, a former teacher and principal, is now a civil service employee in Argentina. His mother is a teacher. He has a sister, Emma Mercedes, 19, and a brother, William Nestor, 15.

# Defies U.S. law on trip

A former Daly City resident who wanted to see "if it was true what was being said about Fidel Castro's Cuba" has left that country and is on his way to Africa.

The trip may cost him his passport.

James Lee Lacy, 27, who lived at 750 Templeton Ave., was one of a group of 58 persons — among them a number of Bay Area students who toured Cuba in defiance of the U.S. State Department ban on travel to the Latin American country. Some have recently returned to New York.

Lacy's sister, Miss Johnnie Lacy of Oakland, said he took the trip "because he wanted to see if what the newspapers and periodicals were saying was really the truth."

Lacy toured Cuba through arrangements made by the "Institute for Friendship Among People" and the "University Students Federation," both sponsored by Castro's government.

Miss Lacy could not say what her brother's reaction was since she has only received a brief postcard since he left last June.

Levi Laub, a former Columbia University student and a spokesman for the group told newsmen in New York that "we consider this another victory."

The trip has stirred up public controversy because of the defiance of the travel restriction in effect since January, 1961, and the comments of some civil groups who say that such restriction is in violation of constitutional rights.

The group traveled to Cuba by way of Czechoslovakia since passports cannot be visaed for Cuba due to severing of diplomatic relations.

Of a number who have returned to the United States within the past week, 10 have been asked to appear before the House Committee on Un-American Activities.

The violation of the State Department order could cost the travelers $5,000 in fines and five years in jail.

Lacy was formerly a student at the University of California and San Francisco State College. He graduated from Howard University in 1958.

## Pacific Manor post office dedication set

Pacifica's new main post office in Pacific Manor should be ready for occupancy within a week or 10 days.

The building, at the corner of Esplanade and Manor Dr., will be dedicated formally on Saturday, Oct. 26.

POSTMASTER Bill Wolf and his crew expect to start moving mail through the new structure soon.

The entire crew now at the Pedro Valley post office in Linda Mar will move to the Pacific Manor building.

The old Sharp Park post office will be closed and two veteran postal workers now stationed there will move to Linda Mar to man the postal facility which will remain there.

The larger, new quarters will relieve serious congestion which has afflicted mail service for several years, since Pacifica's rapid growth.

The old Sharp Park postal building will become a City Hall annex as soon as necessary changes and repairs are made in the building.

The moves will leave Sharp Park proper without a post office in its midst for the first time in history. Boxholders at Sharp Park may transfer either to Linda Mar or Pacific Manor.

However, Wolf noted that there will be numerous changes in box numbers.

## Progress in side by side annexations

Resolutions of intention to annex properties of the Westborough and Christen Dairy were passed unanimously by South San Francisco and Daly City councils last week.

At South San Francisco the 530 acres of the undeveloped Westborough subdivision were subject to two actions by the council in a special adjourned meeting.

The council passed a motion to undertake proceedings in the annexation and then introduced a resolution of intention to annex. Both votes were 4-0 with one abstention. Oct. 7 was set for the public hearing.

Daly City council approved its resolution of intention to annex 916 acres of the Christen Daily lands and set Oct. 14 as the date for its protest hearing.

Both projects were approved by the county boundary commission.

In Daly City, project engineer Edward Schulehause and planner John Nordmark unveiled the 20,000-resident, $155 million program proposed by Suburban Realty company, developers of the Christen property.

The plans call for a giant shopping center, larger than either Hillside or Stonestown, several acres of commercial and residential properties and high rise apartments.

## Youth trial on hit-run of youngster

Robert Lyle Farley, the 18-year-old soldier whose auto struck and seriously injured a Linda Mar youngster May 31, will stand trial Monday, Sept. 16.

The trial is scheduled to get underway in Redwood City at 10:30 a.m. before Superior Court Judge Frank W. Rose.

FARLEY WAS apprehended by local police within an hour after his auto struck five-year-old John Geertsema, who was playing on a coaster wagon across the street from his

# County taxes confusing

By FLOYD F. McCUE

A reduction in the county tax rate is always welcome news to taxpayers and this is a pattern that has been followed in San Mateo County for the past five years. In this day of booming population figures, however, the cost of government is not going down.

The addition of some 20,000 or more people a year is reflected in the increase of services resulting in higher over-all costs. This year's spending program is $39,012,824 as compared to $38,083.546 last year. The $778,278 difference in the two figures is deceiving, however, as the actual increase is $1.6-plus million.

The new rate of $1.5715 as compared to $1.611 last year is not the four cents that this would appear to be. The special county schools service fund was moved to the schools budget and the 1½-cent tax rate now shows up in this department. This means that the actual drop in the county tax rate was 2.46 cents.

**Budget Slugging**

County Controller Ira A. Boynton explained that the juggling of budget accounts was in line with the uniform bookkeeping system set up for counties by the state. For the first time the general fund now includes general county government costs, plus social welfare monies and the general reserve funds. As a result the general fund jumped from $19,082,256 last year to 30,113,465 this year.

Another shift was to put the road department in the regular budget although all funds come from sources other than property taxes. The library budget, which does not include cities with their own libraries, remains as a separate county budget item.

Boynton said the reduction of separate accounts would cut down on bookkeeping procedures and frequent transfers of funds that have been commonplace in the past.

**Camp for Dropouts**

The camp for school dropouts near LaHonda became a step closer to reality last week. Leland H. Mahood of San Mateo, head of a citizens group working on the project, presented a $10,000 check to Board Vice Chairman William M. Werder. The county has promised to match this amount, which was contributed by a San Francisco foundation.

Some 16 boys will be picked initially for the pilot program. The work program will be centered around training in trades and vocations. The boys will receive a small daily wage and must take at least four hours of classroom study each week.

Clarence Z. Brown of San Carlos, a former county probation officer and now regional youth consultant with the U.S. Department of Labor, was instrumental in getting the project under way. He was also present for the check presentation.

**Court Work Study**

The Board of Supervisors has approved the formation of a committee to study the workload of the seven superior and the three municipal courts. In the past statistics have been based on the number of filings. It is the feeling of some administration officials that this is the wrong approach and does not establish a proper criteria of the actual time spent on cases in the courtroom. The committee also will study the county manager's suggestion that the three municipal courts districts be consolidated into a single county-wide judicial district.

The committee will be made up of one representative each from the superior and municipal courts, the county manager's office, the district attorney's office, the County Bar Association, and the Governmental Research Council.

**Campus Purchase**

The county will complete the purchase of the Coyote Point campus of the San Mateo Junior College in September, paving the way for a start on the 20-year master plan for recreational development. Deed to the 29 acres and buildings has been put in escrow and 30 days set for completion of the sale. Cost to the county is $651,000.

Witness to the accident reported Farley's westbound auto, in which a 16-year-old girl companion was a passenger, went out of control after striking the child and proceeded—without stopping—in the direction from which it came. Two empty beer cans were thrown from the auto at the time of the accident, and additional cans were later found in the car.

THE AUTO was later found parked in the garage of the girl's home on Rosita Rd., and Farley was picked up on the street nearby.

Farley was arraigned in Municipal Court on charges of felony hit and run and felony drunk driving. He was later bound over to Superior Court. The girl companion was sent to Hillcrest Juvenile Hall.

A bright and shining star on the fall TV horizon is KQED's new program schedule brimming over with exciting new shows both local and from the National Educational Television network. The Bay Area press was given a sneak preview of the "goddies" to come and frankly we are impressed.

This is the 10th birthday of NET which began with less than ten stations and now includes 80.

Highlighting the NET schedule is two new public affairs series which bring the weekly offering to 90 minutes. Also a new addition includes an international magazine that documents major news events around the world. Music lovers will be delighted with the "World of Music" series which will include "The Evil Queen" (with Swedish and Danish ballet) complete performances of opera and musical performances by famous artists.

Youngsters have not been forgotten by NET. Two new additions include "Glory Trail" (story of old West) and a special series still in production "The Circus."

Two outstanding dramatic series will be a festival of 12 dramas including "Romeo and Juliet" as well as dramatizations of the short stories of Saki: The Improper Stories of H. H. Munro.

Locally several new additions stand out on KQED's schedule: "The French Chef," a cooking program specializing in French cuisine; "Math for Parents" which will help parents to understand their children's homework as well as give them an introduction to the new math now used in industry and science.

Certainly thoughtful and constructive programming on the part of Channel 9 is a special half hour set aside each day for the homemaker on which they will repeat some of their most popular evening programs. The time is convenient too, 4:30 p.m. in the afternoon.

Because of space we can only touch briefly on some of the programs, but we promise to alert you as new programs premiere.

LARGEST CRANE of its kind in the United States, according to Don Davis, construction superintendent for the new 10-story, 400-bed hospital being assembled at the 11-acre hilltop site today, and will be in operation by mid-morning. The giant crane was made in Germany by a subsidiary firm of American Pecco Company. It operates on a 16-foot wide steel track, and is capable of lifting from 7 to 10 tons to a height of 270 feet. It was shipped to San Francisco from Los Angeles on a connecting series of flat cars transported to the hospital's 11-acre hilltop site by flat-bed trailer trucks which, according to Davis, "was quite an engineering feat in itself." He said it took a smaller 60-ton crane "to assemble the big fellow." Sidewalk superintendents are welcome at their own risk, Mr. Davis said. Mary's Help Hospital will be a $9,000,000 10-story structure, a voluntary general community facility available to all persons regardless of race, religion or financial status. It will be operated by the Daughters of Charity, who are trying to raise $1,500,000 of the cost by public subscription. Unlike a district hospital, Mary's Help will not be supported by taxes. "On the contrary," according to Sister Hermine, administrator, "the new hospital will increase the value of your property, but you will never be taxed to support it."

## Daly City man wins award for safe driving

Ten years of highway driving, with an established record of 750,000 miles of safe driving for this period, have brought a Safety Award Certificate, new safe-driver uniform insignia and a gold watch to Greyhound Driver James L. Jensen of 716 Thornhill Dr., Daly City, in recognition of this achievement. The awards were authorized by Stan A. Ossman, Director of Safety for Greyhound's 11-state western division.

Jensen joins a long and growing list of Greyhound drivers whose safe driving records cover from five to 25 years, and even longer," points out Ossman.

"The continued achievement of such records has won year-after-year acclaim from national and local safety organizations, and has earned the well-warranted confidence of the traveling public. Actually, records show that bus travel is many times safer than private car operation.

"The Greyhound driver's leadership in highway safety is the result of long training, a never-ending company program of safety education and having at his command equipment incorporating every safety-engineered idea known to the field of motor transportation. In all respects, he is an outstanding 'professional', a man worthy of emulation by everyone who sits behind the wheel of a motor vehicle."

To be known as Babrillo Coastside Chambers of San Mateo County, representing 75 miles of coastline from San Francisco to Santa Cruz Counties, the organization will seek industry, homes, apartments, business and work to continually improve the business climate on the Coastside for the economic benefit and growth of the area.

Spearheaded by the Pacifica, Princeton-By-the-Sea-El Granada and Half Moon Bay Chambers of Commerce and the Montara-Moss Beach Improvement Club, the organization hopes to have representatives from Pescadero, San Gregorio, Miramar and all other areas of the Coastside.

Elected president is Judge Manuel Bettancourt of Half Moon Bay and executive secretary-treasurer is Basil Gladding, who is manager of the Pacific Chamber of Commerce. Vice presidents are the presidents of the participating groups, as follows: Mario Tordzino, Pacifica; Herbert Shaffer, Montara; Rex Thomas, Princeton-By-the-Sea, and Ed Sousa, Half Moon Bay. A Pescadero vice president will be named at the next meeting.

Mort Levinson, Pacifica, and Mrs. Opal Bischoff, Princeton-By-The-Sea, were named as policy committee to draft the objectives of the organization.

Bettancourt declared that the general idea of the organization is to "Unite to promote the growth and welfare of the Greater Coastside of San Mateo County."

The group took action to launch an all-out campaign to secure the location of a proposed new State College for San Mateo County on the Coastside.

A resolution was passed approving the action of Congressman J. Arthur Younger in his campaign to secure extension of the Bracero program, which they declared an economic necessity to the growers on the Coastside.

The group will renew the request to the San Mateo County Harbor Commission for a launching hoist to put boats in the water at the Pillar Point Breakwater.

The new group also authorized action on continuing the work already started to invite the Pacific Gas & Electric Co. to transfer the Bodgea Bay Nuclear Power Plant to the Coastside, which would represent an investment of $50 million.

Letters were ordered sent to Congressman J. Arthur Younger ,Senators Thomas H. Kuchel and Clair Engle asking assistance in starting a long-term drive to secure a federal testing plant for conversion of sea water for both agricultural and home use. One such plant is located in San Diego.

THE CALIFORNIA INSTITUTE OF MUSIC
announces its
NEW MUSIC PROGRAM
FALL CLASSES FORMING NOW!

We at the CALIFORNIA INSTITUTE OF MUSIC have developed a MUSIC PROGRAM that is the fruit of considerable experience and intense interest in the problems of teaching music well to children, teenagers and adults.

Our Basic Program consists of one-half hour of private instruction supported by one hour of **Theory** and **Musicianship**, comprehensive reports of progress, performance classes, recitals and public performances. Our stress throughout is an intimate correlation of the individual lesson and the class instruction.

1. Performance and the technics related to it are emphasized during the **PRIVATE LESSON.**
2. The hour of **Theory and Musicianship gives the student the conceptual picture** which enables him to successfully relate newly learned musical ideas and facts. Aspects of music necessary to the student's enjoyment and comprehension, such as music appreciation, music history, and composition are presented in this class. From a very practical standpoint, the student has a thorough knowledge of the family of instruments and the basic reading and technical tools with which to learn different kinds of instruments. His drill in sight-reading and rhythm have equipped him to confidently participate in any kind of singing or group playing.
3. The basic ear training presented during the class lesson teaches and cultivates the ability to hear and understand all kinds of music. The skill of listening is learned.
4. The group experiences—playing in ensembles, bands and before audiences, teach poise, assurance and confidence.
5. The growing knowledge of the craft of music will lead the student to a deeper interest in his own study, performance and progress.
6. While the **Basic Program** is designed for children, teenagers and adults who are interested in learning how to play a musical instrument or sing simply for their personal enjoyment, those who successfully complete the initial three years will be qualified to pass the music entrance requirements at any college.

THE CREATIVE ARTS PROGRAM

A program in Creative Arts is available for children between the ages of 4 and 7. The purpose of this program is to provide the young child with an integrated experience in Music, Movement and Art. The emphasis in these classes is to encourage and teach the non-verbal responses in these three areas. The objective is individual creativity and expression. These classes constitute an unusuallly sound preparation for music lessons.

FOLK AND CLASSIC GUITAR CLASSES

are being formed for the beginning and intermediate adult student interested in playing the guitar for personal pleasure.

MUSICAL APTITUDE PROGRAM

for beginning students to determine interest, ability and readiness for music.

THE TEACHING STAFF

at THE CALIFORNIA INSTITUTE OF MUSIC is composed of graduates and former faculty members of leading colleges and conservatories: Mills College, University of California, San Francisco State College, The Eastman School of Music, The San Francisco Conservatory, The Kansas City Conservatory, The Toronto Conservatory, McPhail College of Music, The Leipzig Conservatory.

WE

believe in what we are doing, and are doing what we believe: The art and vocation of teaching Music and the Creative Arts.

# Extravaganza ends season

## Dove regulations explained by DFG

With California's 30-day dove season opening on Sept. 7, the Department of Fish and Game is flooded with telephone calls from hunters seeking clarification of the dove hunting regulations.

Following are the questions most frequently asked, and the DFG's answers:

Q—How come the dove season opens on Sunday this year, when most seasons are not to open on a Saturday?

A—Because federal regulations say dove season can't open until Sept. 1, which happens to be a Sunday this year. If we waited until Sept. 2 to open the season on a Saturday we would probably find that most of our doves had migrated south to a warmer climate in the meantime.

Q—If I hunt for more than one day, may I legally possess more than the one-day limit of 10 doves?

A—Yes. After opening day you may possess a total of 20 doves provided that you do not take more than 10 doves in any one day.

Q—If I am driving home with my own limit of doves, may I transport another person's doves for him? His doves are in a separate carton with his shipping tags attached.

A—No. Only a commercial public carrier may transport the doves for your friend. The shipping tags apply only when doves are being shipped by common carrier. You may not transport more than a legal limit per person in your car.

Q—How do I use the two-dove shipping tags that are attached to my hunting license?

A—The dove shipping tags attached to your huntng license are not transferable and may be used only by you. They entitle you to ship doves twice during the season but not more than 10 doves on opening day and not more than 20 doves thereafter. The shipping tag must be completely filled out, signed, detached from your license and glued to the shipping container. On the outside of the carton you must write your own name and address as the shipper, and the name and address of the person to whom you are shipping the package, plus an accurate description of the numbers and kinds of birds in the package.

Q—May a party of hunters pool and ship their doves in one container to the same consignee?

A—No. However, a party of hunters may ship by common carrier their doves in one container provided each limit is accompanied by a shipping tag of the person who took the doves and all owners of the doves are present when the doves are offered for shipment. Each limit would have to be consigned to a different person and each of those persons, or their representatives, would have to be present when the container is received at its destination.

Alex Maffei won the most improved bowler award in the Lake Merced Handicap League as he and Ben Teshara were the mainstays of the Sun Valley Dairy team.

The Wednesday morning Brunswick Travel League visited Westlake last week for the final day of bowling with the Lincoln Bowl team taking home the championship trophies. Members of the winning team were Lincoln Bowl owner Bill Baioni, Belva Butcher, Dot Maxwell, Mike Carson, Jim Shing, and Bob Barbieri. High team game honors went to Westlake No. 2 while the Country Club Bowl and 19th Avenue Bowl teams tied for high series with 2707.

The Oakland Elks defeated their fellow members from San Francisco in a special match game as part of the Nor-Cal Elks Summer League visit to Westlake. Leading the winners was anchor man Al Zehetmir with a 203 game and 551 series while Walt Haller of the San Francisco team took high honors for the evening with 558, shooting a 198 high game.

Once again a full program for the coming season will be offered for the "bowlers of tomorrow." With Registration Day scheduled for Saturday, September 14, the Pee-Wees and Bantams will sign up from 9 to 11 A.M. with the Juniors and Seniors slated for 11 A.M. to 1 P.M. Registration will continue until 2 P.M. for those who are unable to be present at the scheduled times.

A welcome addition to Westlake is Miss Virginia Church who has become the director of the North San Mateo County YWCA with offices in the Westlake Shopping Center. Once again the "Y" will offer a wide variety of activities for the children and ladies of the area. The meeting for the YWCA Bowling League will be held here at Westlake at 9:30 A.M., September 17. Those interested may register by calling the "Y" office at PL 6-7370.

The Country Club Handicap League became the first winter league to get underway as Bob Daniel took top honors. Bob started with a 177 game then followed with two 198 games to post a 573 total for the evening. Ernie Spencer shot high game for the league on opening night as he registered a 232 game.

Westlake ladies will be represented at the California State Fair tomorrow (Thursday) as four of our "fairer sex" bowlers will compete on the specially constructed Brunswick outdoor lanes at 2 P.M.

## champ teams are named

The high school summer basketball league sponsored by the Daly City Recreation Department climaxed its season last Thursday with an All Star extravaganza at the War Memorial Community Center. The championship teams from each division both emerged victorious as they downed All Star teams selected from the others in their division.

In the SHORT Division game, the champion Knights downed the All Stars 43-29 while the Clippers won their tussle 82-51 in the LONG Division tilt. In the first game, Tom Pritchard and Dan Caferetta led their team to victory both in scoring and rebounding. Pritchard led the game scorers with 13 points and Caferetta was right behind with 12.

Playmaking captain Tom Houston and scrappy Jim Belfrage and Dennis Jew's 9 points were key assists to the Knights' easy victory. Ron Lowe of the Hawks and Dennis Davis of the Half Pints led the All Star scoring with 7 points as the classy but disorganized All Star aggregation led only at the first quarter break 10-6.

Four players scored in double figures as the Clippers' superior rebounding was the key to their victory over the LONG Division All Stars. The division's top scorer Willie Jones poured through 24 points and was ably supported by Willie Mack and Al Weaver who contributed 12 each.

Lanky captain Steve Willis of the Clodhoppers and rugged Rich Adkins of the Whalers led the All Stars point output as all but one of the 11 playing All Stars scored. Willis had 13 points and Adkins 12 to pace the game but futile loser's attack.

In ceremonies between the two games, trophies were presented to each member of the winning and second place team in each division and certificates to members of division All Star teams. In addition, trophies were presented to each division's high point man—Willie Jones of the Clippers and Phil Lyons of the Half Pints—and to the most valuable players—Willie Mack of the Clippers in the LONG division and Tom Houston of the Knights in the SHORT division.

Players receiving trophies were as follows:

LONG Division Champions (CLIPPERS)—Wally Owens, Willie Smith, Willie Jones, Wiillie Mack, Al Lujan, Neil Locke, Bob Johnson, Arnold Ellis and Al Weaver.

LONG Division Runner-Ups (Clodhoppers) — Steve Willis, Ed Larios, Jerry Sullivan, Bill Jones, Gary Ciolino and Marty Oertwig.

SHORT Division Champions (KNIGHTS) — Tom Houston, Dan Caferetta, Tom Pritchard, Jim Belfrage, Jerry Benson, Dennis Jew, Pete Barry and Julio Pineda.

SHORT Division Runner-Ups (Hawks)—Telvis Jones, Ron Lowe, Lynn Hodges, Melvin Jones, Mike McLaughlin, Mike Wynne, Jim Davis and Mike Rossi.

Those receiving All Star certificates were: LONG Division — Steve Willis, Ed Larios, (Clodhoppers); Bill Wurthner, (Rams); Mary Coil, Jim Smith and Chuck Sherrod (Rangers); Mike Frank, Rich Adkins, Jim Mason and Mike Hannigan (Whalers); Breck McClaren (Celtics); Ed Rickenbacher, (Gunners) and Dave Breazeale (Rascals).

SHORT Division—Steve Zarate and Herb Meneken (Challengers); Lynn Hodges, Ron Lowe and Telvis Jones (Hawks); John Heick and Bob Langsman (Nats); Dennis Davis and Phil Lyons (Half Pints) and Bill McPhillips (Linda Mars).

## Summer league hoop action ends

League action ended last week in both divisions of the summer high school basketball league sponsored by the Daly City Recreation Department. In the week's featured game, the Clodhoppers downed the Whalers 55-47 in a special play-off game to place second behind the undefeaed LONG Division champion Clippers.

Getting top scoring efforts from Captain Steve Willis, Ed Larios and Bill Jones and strong board work from Jerry Sullivan, the Clodhoppers held a 5-10 point lead throughout the entire game. Willis led his team's scoring with 20 points while Larios pumped through 17 and Jones added 13. Mike Frank of the Whalers took the game high with 21 points with strong board and scoring support from Rich Adkins.

The Clippers finished their season on a triumphal note trouncing the Celtics 103-57 despite a strong effort by the losers. Five players scored in double figures as the winners raced to their second century score of the season. Wally Owens led his team's scoring efforts with 22 points and Captain Willie Mack and the lead's top scorer Willie Jones added 19 each. Randy Willis and Breck MacLaren paced the game Celtics with 19 and 16 points respectively. Dimunitive guard Dan Lewis was a sparkplug ballhandler for the losers.

In other division action, the Whalers garnered their second place tie with a hard-fought victory over the tall and rugged Rangers, 52-47. The hot shooting of Mike Frank and Bill Vince brought the Whalers back from a 26-22 halftime deficit. Frank was tops for the game with 20 points as Vince added 15. Burly Rich Schaffer of the Rangers dominated the boards and muscled through 18 points in his team's efforts. The Rams took a forfeit victory from the Gunners in the division's final scheduled game.

The only played game of the SHORT Division saw the Hawks down the undermanned Half Pints 70-35 in the battle for second place behind division champions, the Knights. Telvis Jones and Ron Lowe sparked the Hawks' victory with their scoring and rebounding. Jones scored 23 and Lowe 17 as teammates Melvin Jones and Mike Wynne scored 13 and 11 each. League leading scorer Phil Lyons pumped through 17 points to lead the Half Pints who were able to field only four men. The Challengers took a forfeit victory from the Linda Mars in the division's final game.

## Football practice begins at SF State

Expecting 80 candidates to report for the 1963 season's opening practice session today (Sunday, Sept. 1), Coach Vic Rowen of San Francisco's State College's football team will be seeking the solution to two problems which are keys to a successful season: A quarterback and a new defensive team.

Scheduling two-a-day drills, Coach Rowen plans to start full-speed the first day, sweatsuits in the morning and full gear in the afternoon. "We've got a lot of work to do if we're to beat Humboldt State and Sacramento State, the two Far Western Conference Favorites," says Rowen, whose gridders are defending FWC champs. "Because of question marks at quarterback and on defense, we've got to be considered dark horses."

Rowen will greet 28 lettermen. Among the quarterback aspirants are Larry Baker, a junior letterman; Mike Carson, Mike Burke and Tom Martinez.

The defensive team will be rebuilt around Ted Freeman, six-feet, 220-pound tackle from Portland, Ore.

Rowen is optimistic about his offense. It will rely on two fine backs, Halfback Tom Manney and Fullback Greg Baines, and an excellent blocking guard, Bob Griffin. Manney and Griffin were all-FWC in 1962. Backfield depth is needed.

The answer to the Gators' defensive problem may come from some likely-looking junior college transfers. However, Rowen will not be sure of these until they report, an occupational hazard faced by all California four-year college football coaches this time of the year.

The Gators face one of their most rugged schedules in years. The FWC will be generally stronger, and SFSC ends the season with San Diego State, 1962's California Collegiate Athletic Conference titlists and reported even stronger this year.

### Deer hunters warned of Mendocino refuge

The Department of Fish and Game issued another warning to deer hunters in the Mendocino National Forest regarding violations in State Game Refuge 2A, northeast of Lake Pillsbury.

No hunting may be done within the refuge, and hunters traveling by road through the refuge must have their guns broken down or encased and unloaded. Although the refuge is well posted, an exceptional number of violators have been cited by the DFG during the current early deer season.

### Nicasio, Kent lakes stocked

Two of the Marin lakes are receiving booster plants of young rainbow trout. Nicasio Lake got 40,000 subcatchables, about five inches in length, from the Department of Fish and Game's Fillmore Hatchery in Ventura County last week.

Kent Lake will receive 40,000 Kamloops strain fingerlings in an airplane plant from the DFG's Moccasin Creek Hatchery in Tuolumne County within the next few days.

The young rainbows are intended to provide fishing for the 1964 season.

### Blood donors

The following residents of Colma and Daly City recently donated blood to the Peninsula Memorial Blood Bank.

She is a member of the Art Guild of Pacifica, the Society of Western Artists, and the Artists' Cooperative of San Francisco. ## TOP DINING AND DANCING

## Friar Room to offer special new menu soon

The Frair Room, Junipero Serra and D Streets, next to the Serra Bowl, offers something new in suburban dining with the introduction of a special new menu slated September 9.

Already acclaimed for its atmosphere, fine cuisine and impeccible service, the Friar Room — which received national attention when it recently won the heralded Institution Magazine award for its "outstanding dining" — is considered by many as one of the two or three truly fine restaurants in suburban San Francisco.

Chef John Bamond, whose background includes working in such distinguished restaurants as Hollywood's Melodyland, Poole's in San Francisco and serving for many years with Blums — his cuisine received top awards in the 1958 National Food Show — has prepared a new menu that offers outstanding dining at a most reasonable price.

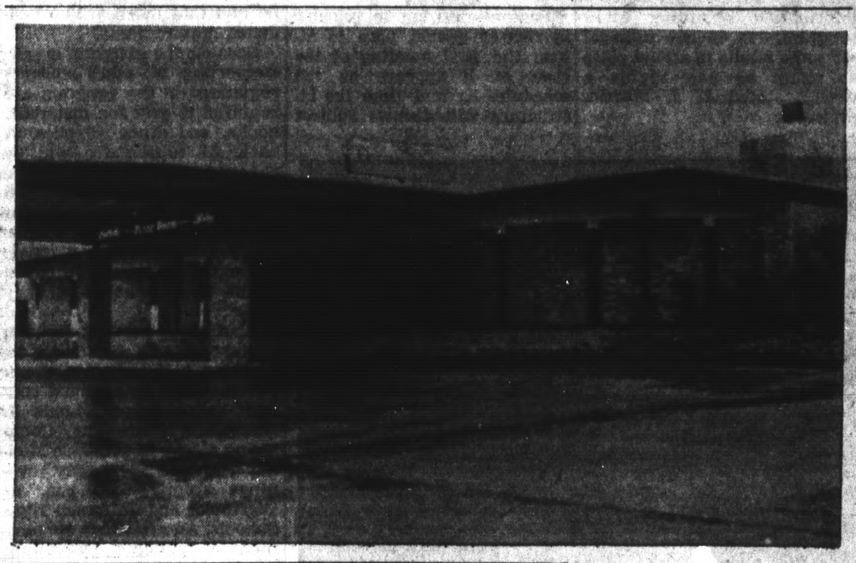
Included on the new menu are spaghetti and meatballs, pan fried chicken, roast beef and club steak with complete dinners offering salads, relish dish, dessert and coffee. Entrees are served with a choice of spaghetti or French fried potatoes and dinners begin at the low price of only $1.95.

An evening dining in the Friar Room might also include dancing in the colorful Friar Lounge or, for the recreation minded, bowling at the Serra Bowl.

A special banquet room is available for group dinners or business meetings and offers every accommodation necessary to insure the complete success of any planned affair.

Ed Olson is manager of the Food and Beverage Department at the Friar Room and his background includes serving as Vice-President and General Manager of the El Rancho in Santa Rosa, the Sir Francis Drake Hotel in San Francisco and, for many years, heading San Francisco's famed Simpson's. He started in the restaurant business as a "soda jerk" in 1929.

Bowling, only in recent years, has taken its place — and the Friar Room and the Serra Bowl offer a fine example—of serving the entire community as a center for recreation, dining and entertainment.



**POPULAR DINING spot in the North County is the Friar Room in the Serra Bowl.**

# Adult evening schools begins 40th year here

With the opening of the fall semester on September 10th through September 20, 1963, the Adult Evening School of the Jefferson Union High School District celebrates its 40th anniversary. Classes began in 1923 on a very limited basis, and now the district boasts more than 125 classes in ten broad educational areas.

The Adult Evening School with locations at Jefferson, Westmoor, Terra Nova and Oceana High Schools, as well as other community locations, is an important part of the total educational program offered the citizens of Daly City, Pacifica, Bayshore and Brisbane, who comprise the Jefferson High School District. Louis J. Martin, Principal, has guided the program for the past five years.

Last year more than 7,000 persons enrolled in classes. Within the overall schedule are six main line programs. The Americanization program is designed for persons who wish to obtain their Citizenship papers or who wish to speak and read English better.

Also within the schedule is a comprehensive program designed for those persons who are working toward a high school diploma. Last year more than 70 adults received their high school diplomas.

Two full-time nursery schools, one in Pacifica and the other in Daly City, offer within their program instruction for pre-schoolers as well as their parents.

On recommendation from the day high schools, continuation students are permitted to work part-time and to attend classes during the evening to complete requirements toward their high school education.

A Driver Education and Driver Training program takes care of special needs in this area. Four automobiles on loan from Cuyler Chevrolet and Neville Ford allow more than 200 men and women to learn to drive and thereby earn their driver's license. Persons interested in this program should consult the brochure for time and locations of classes.

Lastly, many other classes designed to take care of special interest groups are scheduled. They are Pre-Christmas Sales Training, Modern Math Concepts (see brochure), Airline Operations (rates, tariffs), Civil Service Preparation, Real Estate, Automatic Data Processing, and Investments and Securities.

Last week more than 6,500 brochures were mailed to persons who had enrolled in the spring semester. If you would like a copy of the classes scheduled sent to your home, call PL 5-1162.

## Diploma credits can be earned

One of the main line programs offered by the Adult Evening School is one for adults who wish to earn credit toward a high school diploma. Each year more than 500 adults take classes for high school credit. Last year more than 70 adults received their diplomas. Most classes that appear on the schedule may be taken for credit leading to a diploma.

If adults have had previous high school training or satisfactory work experience, they may be given credit toward their diplomas. Graduation from the Adult Evening School is based on the successful completion of not less than 150 units of work. State and local regulations require 30 units of English, 15 units of U. S. History, 5 units of Civics, 10 units of Science, 10 units of Mathematics, Driver Education and First Aid—2½ units each, and 75 units of Electives. Veterans who successfully complete the G.E.D. tests may also receive elective credit.

Interested persons should telephone PL 5-1162 for more information regarding this program. "It is not unusual for some adults to attend class as many as four nights a week," stated L. J. Martin, principal.

One of more than 7,000 adult students to register in the adult program last year.

## Registration starts for adult schools

All Adult Evening High Schools in the Jefferson High School District officially open for registration on Sept. 10 through Sept. 20, 1963.

The four main locations are Jefferson, Westmoor, Terra Nova, and Oceana High Schools. There are also several community locations.

Persons desiring to register in classes should plan to attend the first meeting of the class as it appears on the schedule. At that time the instructors will discuss subject matter as well as the fee schedule. Enrollments will be taken at the time and place of the first meeting. During the second week of the semester, enrollments will be taken in the high school offices between 6:30 p.m. and 10 p.m. It should be noted that all classes are offered to the general public and that there are no residence requirements.

Because the program is self-supporting, all adult students registered in the program are required to pay for materials, books, and other supplies. A basic $1 tuition fee will be charged each registrant in the program except those enrolled in Citizenship, English for Foreign Speaking, Forums, and Workshops. The $1 basic fee entitles students to enroll in as many classes as they wish.

Also, those persons desiring to take classes for credit towards a high school diploma for the first time should contact the principal, Louis J. Marth, for counseling. Counseling service is available Monday through Thursday evenings from 7-9:30 p.m. at Westmoor and Jefferson High Schools. An afternoon appointment is possible by calling PL 5-1162.

Driver Training is offered by appointment at Jefferson, Westmoor and Terra Nova Adult Schools.

## Sewing classes to be offered

Whatever you may be seeking in the fields of dressmaking, tailoring, alterations, or remodeling can be accomplished by registering in any one of the numerous sewing classes offered in the Adult Evening Schools and other community locations.

During the day, Clothing classes are scheduled at the Daly City War Memorial Community Center on Tuesdays, Thursdays, and Fridays. Classes are from 9 a.m. to 12 noon; and on Friday, two classes are held from 10 a.m.-12:30 p.m. and 1-3:30 p.m.

On Tuesdays from 9 a.m. to 12 noon, a Clothing and Dressmaking class is held in Bayshore City at 111 Iwo Jima road.

Other evening sewing classes are conducted at Westmoor, Jefferson, Terra Nova, and Oceana High Schools. All classes start at 7 p.m. and at 9:45 p.m. Consult the brochure for the exact evening that the class is held.

Millinery and Knitting classes are held at Westmoor Adult School Monday and Thursday evenings.

### Wins with quilts

Mrs. Helen C. Hansen, Daly City, won a second prize in handwork and food preparation divisions of home economics competition at the California State Fair with her hand made quilts.

### Speed Reading classes slated

Two evening classes in Speed and Developmental Reading have been scheduled and will be open to adults at all levels of speed in reading. These classes are designed to improve both reading speed and comprehension and are not remedial in nature. They should prove to be valuable to executives, business and professional people, college students and, in fact, to anyone who is required to do considerable reading.

Robert Gross will teach the class at Westmoor Adult School on Wednesdays in Room 17. H. Van Buren will teach a similar class at Terra Nova Adult School on Mondays in Room 8.

Other classes in the field of English are Creative Writing and Books and Ideas, Part 1, offered on Tuesday evenings at Westmoor Adult School.

Classes in English Review (grammar) and English Literature 4 meet at Jefferson Adult School on Wednesday and Thursday evenings.

### Kindergarten talk at Woodrow Wilson

Woodrow Wilson school will hold a meeting for all parents with children entering kindergarten on Friday, Sept. 6 at 10 a.m. in Room 10, to explain the kindergarten program so that a better understanding of the goals and curriculum may be obtained.

## Temporary double sessions at Westview

Principal Roy Carver, Westview School, announced that following a meeting of approximately 16 parents that double sessions will be established at the Westview School until completion of the new wing which should be about one month in duration.

A thorough discussion was held with representative parents of the area and the several alternatives to accommodate the students were discussed. These icnluded bussing the children out to other and various methods of double-sessioning the grades. Both pros and cons of each plan were discussed, with the parents favoring the double sessioning of the upper grade students, thereby having all Westview children commence the school year in the area building. This will be the first time in several years that Westview children will all be housed in the area school, and not bussed to other schools in the district.

Carver announced that according to the latest estimate the alternate plan of double-sessioning of students should be for a short period of time only. An informational letter to all parents will be issued this week, and class lists will be posted at the school on Saturday of this week designating time schedules for each student.

The double session plan will affect grades 4 through 8 temporarily.

## Foreign language offerings

# WOMEN'S ACTIVITIES

## From A Feminine Viewpoint...

By Mona Baker

From chic fall suits to glamorous party frocks—last week's teen-age fashion show at Singer Sewing Center was a fashion parade. Truly impressive were the smart outfits that the girls had made for themselves while taking sewing lessons at the Center.

Each year Singer Sewing Centers throughout the nation hold a "Young Stylemaker Contest" for students who have been taking sewing lessons. Three fashions were selected in last week's show in Westlake to be entered in the regional contest in San Francisco. Winners were: "T'ween division," Linda Harding; "Teer division," Regina Kenney, and the "Miss and Mrs. division," Magda Jacobs. Linda was charming in a dainty pink-checked cotton with graceful bouffant skirt and sparkling white jacket. Quite glamorous was Regina Kenney in a blue-green brocade party dress. Magda Jacobs wore a lovely bright red suit of wool featuring a fitted jacket and sleek straight skirt. Winners were presented with a black patent fitted bag compliments of the Center.

All the girls who modeled in the show were awarded a "Certificate of Sewing Achievement" and an insigna pin.

Fashion models include Sharon McInterf, Linda Knox, Linda Merwin, Holly Patton, Jackie Lucas, Patty Dunn, Laurie McCauley, Shannon McNamara, Paula Lapin, Charlotte Levine, Joan Ratto, Gail Kimball, Genie Vengi, Ann Douglas, Jo Ann Sklovos, Regina Kenney, Joy Alsono, Magda Jacobs, and Gloria Lathlean. Mrs. Rose Barnoski is their sewing teacher.

A truly dedicated worker for her church and community is our leader this week. She has been a resident of Westlake for ten years and during that time has given many hours of volunteer service.

A tireless worker in the Westlake Catholic Women's organization she has been chairman of the annual rummage sale and also chairman of their annual fashion show. Under her leadership, a record was established for fashion shows. The attendance at the show was the largest of any fashion show ever held at the Fairmont.

For the coming year she has been elected president of Westlake Catholic Women and also will be president of St. Peter's Alumni.

Other community organizations in which she has participated include Cub and Boy Scouts. She has been an active worker in all community fund drives.

We salute Dorothy Burns as our community leader of the week! The Burns family, husband, Frank, and three children, Gary, Brian and Sharon live at 86 Lake Forest Drive.

### *Bethel 37 plans fall activities*

The first fall meeting to be held on Saturday, Sept. 7, at 7:30 p.m. will be an Initiation Ceremony and Deputy Grand Guardian's Official Visit honoring Mrs. Betty Klotz.

It will be conducted by our recently installed officers: Pam Towne, Honored Queen; Ruth Lathom, Senior Princess; Pat Baker, Junior Princess; Renee Funk, Guide; and Clareen Quinn, Marshal. In our activities we are under the supervisor of our Guardian and Associate Guardian, Mr. and Mrs. Floyd Clark.

Bethel #37 always has interesting activities. Among those planned for the fall term are a Bay Cruise and a dance and whist. The proceeds of our Bethel dances go to our Education and Scholarship Fund.

The Bethel's drill team placed first at Grand Bethel and continues its outstanding participation in many other parades. The team rehearses every Wednesday night. The choir rehearses at Calvary Methodist Church, 19th Ave. and Judah St., and has grown to a number of 30, of which we are quite proud.

The girls also participate in many philanthropic projects. They have completed almost 1,000 gift tags which will contribute to our Grand Guardian's project to buy orthopedic equipment for a hospital.

Discussion and lunch will be on the agenda of Play Reading Section No. 3, American Association of University Women, beginning with the Sept. 5 meeting at the home of the section chairman, Mrs. Harold E. Saville, 7 Castenada Ave., San Francisco.

The meeting will convene at 11 a.m. with the reading of a modern play, to be followed by a discussion period during which coffee and dessert will be served. Members are asked to bring their own sandwiches. Mrs. Budd J. Smith, section co-chairman, will be co-hostess with Mrs. Saville.

Section membership is now open and interested women who are eligible for AAUW membership are invited to contact Mrs. Saville at OV 1-1530.

BAKE-OFF — Finalist in the Pillsbury 15th Grand National Bakeoff is Mrs. Marie Brennan of 198 Acton Street, Daly City.

## Local resident is bake-off finalist

Mrs. Marie V. Brennan, 198 Acton St., Daly City, is among four San Francisco Bay Area residents named finalists in Pillsbury's 15th Grand National Bake-Off to be held Sept. 15-17 in Beverly Hills.

She will go to Beverly Hills to compete with 96 other prize-winning bakers from throughout the United States in the International Ballroom of the Beverly Hilton. The grand prize in the $100,000 contest is $25,000.

California, which has more finalists in the contest than any other state, will be represented in the Bake-Off by six other contestant. Pennsylvania placed nine finalists.

As finalist, she is already the winner of a General Electric range and mixer, a $100 cash prize and full expense money for the trip to Beverly Hills.

Mrs. Brennan, a legal secretary and the mother of two grown children, advanced to the Bake-Off with a recipe for a chewy, three-layered bar cookie. She based the recipe on one callected by her father, a Mississippi River showboat musician who gathered many old Southern recipes.

Mrs. Brennan was born in St. Louis, Mo., attended high school there and graduated from Maryville Colege at St. Louis. She teaches piano to her two grandchildren, swims and rides, and devotes some time to ceramics and mosaics. She also is a member of the Audubon Society.

Mrs. Brennan attends Lady of Perpetual Help Church and plans to give to the church building fund if she wins any prize money in the Bake-Off. She also would consider buying a new car. One of her ambitions is to teach handicapped children and older people crafts and music.

# Virginia Church, new ... local YWCA leader

"I look forward, with joy and anticipation, to helping the community serve its people and hope to meet all of you at our Open House, September 12," says sparkling Miss Virginia Church, new director of the San Mateo County YWCA.

"The YWCA offers so much in giving its fine programs, classes, clubs, and special activities; it seems incredible more women and girls aren't participating members. Though San Matoe does not, as yet, have its own building for YWCA activities, the community has been more than generous in offering its facilities and there will always be programs to meet the needs and desires of its members," said Miss Church.

Pertinent information about clubs, classes, memberships and special activities will be available at the YWCA Open House from 10 a.m. to 12 noon, September 12 at the Westlake Clubhouse. Pre-registration for classes may be made at that time, classes start the week of September 16.

Refreshments will be served, courtesy of the Westlake Bowl, flowers will be given as door prizes, compliments of the Westlake Flower Shop, and YWCA volunteers will be on hand to answer questions about "Y" program.

As director of the San Mateo YWCA, Virginia Church feels she has a great opportunity to bring service and fellowship to many women and girls. Prior to becoming director, Miss Church was a volunteer on the Young Adult and Membership Development Committees at the YWCA, 620 Sutter St., and chairman of the Young Adult Department's Membership Drive.

Miss Church has taught charm, telephone techniques, speech, reading improvement, and personal development for executives and employees of local firms as well as for the Adult Education Manpower Development Program and the YWCA.

During her school years her main interest was in a theatrical career which she followed for more than ten years as actress, assistant producer, publicity and actor's agent, and writer. After appearing in three Broadway flops, Virginia decided New York was not ready for her and turned her talent back to merchandising ... a field which had successfully financed her theatrical ventures.

Though she worked as buyer, sales trainin g director, fashion coordinator and store manager, there was little sense of belonging and satisfaction. On a hunch (woman's intuition) she sought a position with a national finishing and career school in Chicago. She became Director of Education for the school and head teacher for its entire chain of over 50 schools ... and thus opened a whole new world.

Virginia is very content with the turn of events in her life and can't imagine acting bringing her anywhere near the happiness and satisfaction teaching has. Her own faith, sought in desperation and flourishing in emotional prosperity, led her to the rewarding experience of her YWCA association.

The YWCA stands for service and Christian purpose, but is non-sectarian and opens its doors to women of all ages, races and religoins who, mindful of its purpose, wish to increase its fellowship by becoming members.

## The Christen Ranch

A petition for annexation of the Christen Ranch to Daly City has been filed and it is now going through the normal channels for an uninhabited area.

This annexation is coming on faster than city officials had anticipated because of the new law setting up a county-wide commission on annexations and incorporations which goes into effect on September 20.

However, for nearly two years the staff of Daly City has been making studies and plans in the event of the annexation. They are prepared to take this in stride, and heartily favor the move.

Two years ago the voters rejected an annexation by the Callen properties. Two factors were primarily responsible for this. 1—It required "shoestring" limits for a considerable distance. 2—There was an inability of the Schools and the developer to get together which raised hysteria regarding schools.

These two compliants are not an issue with the Christen Ranch. 1—It is contiguous to Daly City; 2—Nearly half of the area is in the Jefferson Elementary district and most of it within the Jefferson High School district. In the latter case, the school districts will have to provide schooling no matter what city the Christen Ranch might be annexed to.

Both the elementary and high school districts are working out plans with the developers for school sites at the present time.

A third important factor favorable to Daly City is that the preliminary map of the Christen Ranch (on which city staff members have worked), place most of the commercial property within the local school districts. This will mean a good tax base for the schools with a low density of children.

All indications are that the annexation of the Christen Ranch will be beneficial to Daly City. If there are those who oppose it, they should be sure that their objections are based on fact, and not on emotion or hysteria.

## *Something for Everyone*

By Samuel Chandler

Let's look at a classic—this time the "Razor's Edge" which was published in 1943 by W. Somerset Maugham and produced as a movie that is appearing on the early-late and the late-late shows of TV stations all over the country.

It is the story of Larry Darnell. Confused by the death and heartache of World War I, he renounces his finacee, Isabel Bradley, and travels throughout the world in quest of faith. He meets many teachers and priests, even an unfrocked priest, who do not help him. He works in mines, offices, factories but finds no satisfying truth until he experiences spiritual power at the hands of a patriarch of India.

On his return to Paris, he meets Isabel and other old friends: Sophie MacDonald who is suffering from alcoholism induced by tragedy; Gray Maturin, Isabel's husband, who has had a nervous breakdown induced by business reverses; Mr. Maugham who appears in the book as the narrator, and Elliott Templeton, Isabel's uncle, whose sole aim in life is to maintain an impeccable social position.

To each he brings his spiritual power. Gray recovers; Isabel is forced to sort out her values. Mr. Maugham is inspired, but Elliott Templeton is unmoved, and Sophie is unable to walk the long road back.

It is a good story by a man who has been called the master of the art of writing. Mr. Maugham's concern is the sham and make believe of what has been called the upper middle class. His attack is so intense one critic finds his work full of the half-soured milk of humand kindness. Mr. Maugham says of himself, "I have sought to experience some of the fundamental emotions of normal men."

His plays and stories are the record of his search and to an extent of man's search through the twentieth century for the purpose of life.

Editor
The Record and Westlake Times

Dear Mr. Harrah:

In the hope you will allow me the space, I should like to write this as an open letter of commendation to four teenagers, three of whom are Jeff High students.

During the many months of work leading to the recent Bayshore annexation, Veronica and Yvonne Pack freely and willingly gave some 500 hours of babysitting to me and other members of the Citizens Committee.

Linda Langosch and Louise Johnson have provided a like service for mothers wishing to participate in the activities of St. Andrew's Lutheran Church.

In an age of so much well-publicized juvenile delinquency and teenage rowdiness, it is a refreshing change to know that these girls and others like them are able to make the transition from childhood to adulthood, and still maintain a true sense of values.

Yours very truly,
Mrs. Charles G. Stuvengen

### Participants in explorer scout conf.

Dwight S. Scoville, 34 Edgemont drive, Daly City, participated in the first annual International Explorer Conference of the Church of Jesus Christ of Latter-day Saints at Brigham Young University, Provo, Utah, Aug. 23-28.

More than 3500 boys of high school age attended the conference. During the week the youths received instructions in citizenship, physical and personal fitness and exploring. They also took part in group discussions on a wide range of world issues, and held their own talent show.

UNHEALTHY NEIGHBORHOOD

## The View From Behind the Badge

Written and Edited by Daly City Police Department

The current noisy cry in the land today concerns integration and equality. Those groups uttering the cry have zeroed in on various of targets. Some of the primary targets are those of housing, aducation and law enforcement.

We hold no quarrel with, and, indeed, support the move toward the stated goals of the vocal minority groups. We do not always hold with some of the methods used to implement the move toward the goals. We do not agree with some of the sub-goals of the groups.

Members of the Department recently attended a race relations seminar held in the southern part of the county. Negro groups were represented. Liberal white groups were there. Two members of the judiciary and a county supervisor were present. Policemen attended.

**This face to face method of exploring and discussing problems of mutual concern is, of course, the intelligent and profitable approach. Our representatives gained intelligence and some insight, and feel that they may have contributed something in addition.**

The fact that the meeting degenerated into aggressive speechmaking, as opposed to discussion, does not take away from the overall good feeling engendered by the seminar.

Free speech and the exchange of views has, inherently, the right to disagree as an included part of these things. We disagree with some aspects of the integration move, as they apply to law enforcement. We disagree here with means and not overall goals.

We disagree with the statement, for example, that police recruits should be partly trained by CORE and NAACP. These people are crusading for a noble cause, but are not, cannot be, as a result of involvement, objective. The police are, in this area and generally, a neutral body. They are a peace-keeping body, not allied with any causes, except that of their own eventual professionalization.

**By the nature of their calling, the police do not and cannot take sides. This peace-keeping group is destined, doomed, perhaps, to be forever in the middle. It is an occupational hazard.**

To have recruits trained under the auspices of interest groups, then, would be disastrous. It probably would not be fair to other minority groups, and, to the aggregate of these groups, the often forgotten majority.

**We also disagree with the statement of a seminar participant that it would evoke equality and/or integragtion by putting a black man and a white man side by side in every police radio car.**

This Department operates one man cars, making such assignment impossible. We also do not assign our people according to their race. In fact, if we understand the Fair Employment Practices Code correctly, it would be illegal to assign a man in that manner.

**The groups fight against listing criminals and arrestees by race; yet they are concerned with tabulating the number of Negro Policemen on the Department. We say that it is an impossible goal to want it both ways.**

And again, we do not list our policemen by race. These men are here because they qualified through written, oral, medical, agility and polygraph tests. They are here as policemen, not as any minority or majority member.

**This is not an introduction to say that we have Negro members of our Department; nor is it a written excuse for not having such members. It is our argument for continuation of our objective, fair, hardheaded recruiting, training and assignment of policemen. We run a legal and good department. Look at us.**

### Reserve training for Lieut. Gottfried

Navy Lieutenant Howard L. Gottfried, USN, son of Mr. and Mrs. Arthur L. Gottfried of 53 Morningside Dr., Daly City, was aboard the destroyer USS Watts (DD-567) during her recent under way Naval Reserve training cruise Aug. 1 through 18 in the Hawaiian Island area.

A West Coast Naval Reserve destroyer, Watts was among 13 units taking part in the largest peacetime under way training exercises ever conducted for anti-submarine warfare Reserve crewmen.

The cruise was devoted to antisubmarine warfare training, replenishment-at-sea, shipboard drill and surface firing operations.

Aside from the sea operations crewmen spent four days at Pearl Harbor. For veteran reservists, this afforded an opportunity to revisit familiar Hawaiian scenes during off-duty hours.

Watts normally operates out of Tacoma, Wash.

# Indian speaker at Baptist commencement

Commencement Services were held Thursday evening at the Westlake Community Baptist Church for Vacation Bible School which was directed by Mrs. George Marshall, Dr. H. Hansel Stembridge, Jr., and Mrs. James Lederer, accompanist.

Guest speaker for the evening was Reverend Bontha Rathnam Moses of South India who stressed the fact that it was particularly difficult for men and women to become Christians in his part of the world due to the caste system.

As an illustration he stated, "If they joined in the Christian faith, they were not allowed to get water from the same well as other people and would have to travel miles to obtain it."

It was particularly fitting that Reverend Moses was able to be on the program because part of the curriculum included studying churches in other lands, especially in Burma, where Reverend Moses was Secretary of the Baptist Union. Wee Tots through age 2 presented a program for their parents and friends who filled the sanctuary.

The Wee Tots, taught by Mrs. William Zarubin and Mrs. Cecil DeLoach, held a large picture of various items for which they were thankful and gave a prayer of thanks.

The Kindergarten group, taught by Mrs. George Easley and Mrs. Milton Gilmore, sang a song entitled "We Thank Thee God." The Primary group, taught by Mrs. Gordon Keene and Mrs. Edward Goldkuhl, held puppets which they had made making believe they were children from various areas forming church groups and sang "Dear God We Thank Thee for Our Church" and "Boys and Girls of Other Lands."

This was followed by a litany which they had composed. The Intermediate group, taught by Mrs. Jeff Weiner and Mrs. Donald Brown were dressed in Early American costumes and presented a religious tableau.

The Senior group, taught by Mrs. Jay McPherson and Mrs. Lynn Hodges, broadcast an interview stressing their accomplishments at Bible School.

At the conclusion of the program, Mrs. George Marshall presented each child with a Certificate and invited everyone to have refreshments and to visit the classrooms. Besides many of the parents who furnished refreshments for the daily attendance, others who gave many hours of teaching and help were Mrs. H. Hansel Stembridge, Jr., Mrs. Frank Tiernan, Mrs. Don Mann, Mrs. Rita Janakes, Mrs. Milbert Opp, Mrs. William White, Mrs. Jewell Bernard, Mrs. Etta Luallin, LeAnn McGowan, Larry Landess, Grant Easley, George Crawford, Sharon Kennedy and Steve Riley.

## Witnesses at assembly in Pasadena

An eight day international convention of Jehovah's Witnesses has opened at the Rose Bowl. Approximately 70,000 delegates representing all 50 states and 34 foreign countries are expected at the giant Bible conference when it climaxes next Sunday.

Mr. William Marks, 2442 39th Avenue, San Francisco, presiding minister of the Daly City congregation of Jehovah's Witnesses, is attending the assembly with 100 other local members. The convention is one of three scheduled this year in the United States. The first one was held at County Stadium in Milwaukee the last week of June and the second took place at Yankee Stadium in New York the first week of July. Thereafter, 21 other conventions were held in Europe, the Mideast, Asia, Australia and the Pacific. The gathering at Pasadena will climax the Around-the-World Assembly.

Mr. Marks said one of the highlights of the Pasadena, California gathering will be a mass baptism for Saturday. New adherents to the faith will be immersed in water to signify their dedication to do God's will and enter into a ministerial life. Convention officials estimate 1,500 candidates will be baptized in the special service.

N. H. Knorr, president of the Watchtower Bible and Tract Society of New York, sponsors of the convention, will deliver the principal address on Sunday at 9 p.m. He is speaking on the subject "When God Is King Over All the Earth." A peak attendance is expected at the Rose Bowl for the Sunday lecture, the climax of the final session.
